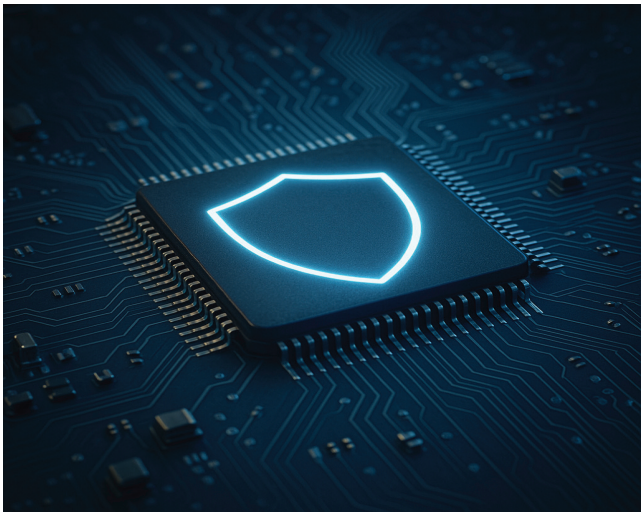
SECURE SERVICES

BUILDING A CULTURE OF SECURITY AND COMPLIANCE



PRACTICAL SECURITY EXPERTISE. SUPPORT THAT SCALES.

SECURE Services, delivered by the MMEC Security Management Office and available to MMEC members, helps defense contractors establish, strengthen, and maintain security programs through hands-on guidance, training, and ongoing program support.

Whether you're building a program, preparing for a security review, or supporting an existing security team, we help you identify gaps and turn requirements into practical next steps.

WHAT SECURE DELIVERS

INDUSTRIAL SECURITY

- Facility Security Officer (FSO) support
- Personnel & facility clearance process support
- NISS, DISS, & NBIS administrative support
- FOCI process support

INSIDER THREAT

- Insider Threat Program Senior Official (ITPSO) support
- Program development & sustainment
- Role-based training & awareness
- Reporting process guidance

CUI & CMMC READINESS

- Readiness reviews & gap assessments
- Policies, procedures, & documentation
- CUI training
- CMMC assessment preparation

SECURITY REVIEW PREP

- DCSA security review preparation
- Self-inspection support
- Ongoing improvement guidance

OUR APPROACH

ASSESS → Review your program and identify gaps

PRIORITIZE → Define corrective actions & next steps

IMPLEMENT → Support documentation training and program activities

SUSTAIN → Review progress and adapt as requirements evolve

A continuous cycle, not a one-time checklist

Support your team. Strengthen your program.

Bring experienced professionals alongside your team, with support matched to your program's needs.

- Plans of Action & Milestones (POA&Ms)
- CUI handling procedures & workforce training
- Vendor & technology evaluations

THE VALUE OF FRACTIONAL SECURITY SUPPORT

: : ADD CAPACITY WHERE AND WHEN YOU NEED IT : :

Access security expertise on a part-time or recurring basis. Supplement your existing team or address defined program needs without adding a full-time position for every specialty.

GET STARTED

1. **Understand your needs**
   Discuss your current program, priorities, & upcoming requirements.
2. **Define the scope**
   Identity services, responsibilities & deliverables suited to you.
3. **Support execution**
   Work alongside your team on agreed activities and review progress.

Service scope and timelines depend on your organization's requirements, starting point, and agreed engagement. SECURE provides advisory and program support, clearance, certification, and government review outcomes are determined by the responsible authorities.
